PROPOSAL

Doorstep Diesel Delivery

Welcome Message

From the Desk of Miss Pallavi Singh
Chief Executive Officer – My Indiwheels

I extend a heartfelt welcome to all our investors, dealers, partners, and future collaborators. At My Indiwheels, we are not just delivering fuel – we are building a smarter, faster, and cleaner energy delivery ecosystem for India.

With innovation at our core and reliability in every delivery, we aim to empower industries and entrepreneurs alike. Your trust, support, and partnership are the fuel that drives our mission forward. Together, let's lead the change in how India powers its growth.

Thank you for being a part of the My Indiwheels journey.

Warm regards,
Miss Pallavi Singh
Chief Executive Officer
My Indiwheels

Miss Pallavi Singh
Ceo – Myindiwheels

INTRODUCTION:

My Indiwheels is a revolutionary brand launched by My Indifuels Pvt Ltd, with the vision to redefine how diesel is delivered to businesses and individuals. By introducing diesel doorstep delivery, My Indiwheels aims to bridge the gap between fuel suppliers and customers, ensuring fuel reaches exactly where it's needed, without hassle or delays.

ABOUT US :

My Indiwheels is a pioneering doorstep fuel delivery company revolutionizing the way industries, institutions, transporters, and commercial users access fuel. As a sister concern of My Indifuels Pvt. Ltd., My Indiwheels operates with the core vision of making fuel supply more efficient, transparent, and reliable, while enabling the last-mile delivery of energy products across India.

We bridge the logistical gap in fuel procurement through smart mobile delivery systems, ensuring quality, safety, and on-time delivery directly to the consumer's site.

OUR VISION & MISSION

At My Indiwheels, we strive to:

1. **Revolutionize fuel delivery:** Deliver diesel directly to customers, eliminating the need for time-consuming visits to fuel stations.
2. **Promote efficiency and productivity:** Enable businesses to focus on operations rather than logistics.
3. **Ensure safety and compliance:** Adhere strictly to government regulations and safety standards in every aspect of our service.
4. **Reduce environmental impact:** Optimize delivery routes and use innovative practices to lower carbon emissions.

To become India's most reliable and innovative last-mile fuel delivery network, offering diverse energy products to power the nation's industries and fleets – all with a focus on sustainability and affordability.

OUR PRODUCT PORTFOLIO

We specialize in the doorstep delivery of a wide range of fuel products suited for various industrial, commercial, institutional, and fleet-based needs:

Drop-In Fuels (HVO - Hydrotreated Vegetable Oil)

- Eco-friendly, ultra-clean alternative to traditional diesel.
- Fully compatible with existing diesel engines.
- Savings: ₹6-₹12 per litre compared to market diesel prices.
- GST Input Benefit (18%) applicable for registered businesses.

Biodiesel (B100 and B20 grades)

- Derived from plant-based oils and animal fats.
- Reduces carbon footprint significantly.
- Preferred by transporters, mining operators, and factories.

Industrial Fuels

- Customized fuel blends for boilers, furnaces, DG sets, and kilns.
- High calorific value with low emissions.
- Competitive pricing with regular supply contracts.

OMC Diesel (HPCL, IOCL, BPCL Diesel)

- Direct procurement and delivery of diesel from government-authorized OMCs.
- Fully GST-compliant with invoice tracking and transparency.
- Hassle-free for logistics and fleet companies.

Light Diesel Oil (LDO)

- Used in construction sites, brick kilns, and manufacturing plants.
- Reliable, cost-effective fuel with high ignition quality.

Client Segments We Serve :

1. Mining and Infrastructure Companies
2. Transport Fleets & Logistics Operators
3. Housing Societies & Gated Communities
4. Educational & Industrial Institutions
5. Construction & Real Estate Projects
6. Manufacturing Units & Warehouses

OUR FUEL SOLUTIONS AND BUSINESS MODELS

Mobile Bowser Dealership (2KL to 6KL Models)

Become a fuelpreneur by owning and operating a mobile fuel delivery vehicle

- Company provides tank + automation + licenses (PESO).
- Dealer invests in vehicle and equipment (~₹15–₹25 Lakhs).
- Earnings based on per-litre margins and delivery fees.
- Ideal for cities, construction sites, fleet hubs, and rural industrial zones.

◆ Depot Dealership Model

Own and manage a fuel depot or mini-terminal in your region.

- Investment: ₹35–₹60 Lakhs depending on storage capacity.
- Supplies fuels in bulk to mobile bowzers, industries, and other franchisees.
- My Indiwheels supports with licenses, training, and supply contracts.
- Enables regional dominance in doorstep fuel delivery business.
-

● Smart Tank Solutions

Automated IoT-based fuel storage tanks installed at consumer premises.

- Live level monitoring, auto-reorder system.
- No need to visit petrol pumps or face shortages.
- Suitable for logistics hubs, schools, hospitals, gated societies, etc.

● Channel Partner Model

Be our non-exclusive channel partner to:

- Acquire clients (industries, institutions, fleets).
- Promote our fuels, bowsers, and tank systems.
- Earn commissions and performance-based incentives.
- No inventory or licenses required.
- Only sales focus.

How It Works

1.Registration & KYC

Register your company with basic KYC and GST details.

2.Place an Order

Via Call / WhatsApp / Web Portal.

3.Delivery in 2-6 Hours

Our mobile bowsers reach your location with real-time tracking.

4.Get Invoice & Usage Report

Transparent billing with product specifications.

Why Choose My Indiwheels?

1. Doorstep Delivery within Hours
2. Fully Licensed Operations (PESO + Local Approvals)
3. Transparent Digital Billing with GST Input
4. Customized Delivery Plans – Daily, Weekly, or On-Demand
5. High Safety Standards and GPS-Tracked Mobile Browsers
6. Flexible Payment Options (Credit, Advance, Monthly Cycle)
7. Technical Support & Fuel Quality Guarantee

Price & Delivery Terms

Minimum Order Quantity: 200 Litres (can vary based on fuel type).

Delivery Timing: Same-day or next-day service in operational areas.

Fuel Price: Varies daily based on fuel type & supply location.

Drop-in fuels and Biodiesel offer savings of ₹6–₹13/litre over regular diesel.

GST Benefits: All fuels (except OMC diesel) come with 18% GST input credit.

Join Our Dealer & Delivery Partner Network

We are expanding rapidly. Entrepreneurs and transport operators can become authorized mobile browser dealers with My Indiwheels and tap into India's booming doorstep energy delivery market.
